HUGH MILLER,

I am a candidate for Circuit Court Clerk of Rockcastle county, subject to the action of the Republican party. Since attaining my majority, I have voted and worked for the upholding of the principles of the party. I propose to make a clean unbiased unprejudiced canvass. I wish to say to my friends and the people in general I have thoroughly considered this question, and the advice of many, I make this announcement. I want it distinctly understood that I was not influenced by any body or faction to enter this race. I simply come before you on my own footing. In the canvass I shall not depend upon the faults, frailties or shortcomings of my opponents, if they have any but urge my ability to discharge the duties of the office, having had experience in writing in the office during the incumbency of the late W. M. Fish, one of the best of men, and clerks that ever filled the position. In case I receive the nomination and elected, I promise to discharge the duties of the office promptly and efficiently. Under these conditions I urgently request the support of the people.

HUGH MILLER.

MEN PAST SIXTY IN DANGER

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Remedy should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Remedy I feel better than I have for twenty years, although I am now 91 years old."

HON. GEORGE W. HONEY.
Hon. George W. Honey, National Chaplain U. V. U., ex-Chaplain Fourth Wisconsin Cavalry, ex-Treasurer State of Wisconsin, and ex-Quartermaster General State of Texas G. A. R., writes from 1700 First St., N. E., Washington, D. C. as follows:

"I cannot too highly recommend your preparation for the relief of catarrhal troubles in their various forms. Some members of my own family have used it with most gratifying results. When other remedies failed, *Peruna* proved most efficacious and I cheerfully certify to its curative excellence."

Mr. Fred L. Hebard, for nine years a leading photographer of Kansas City, Mo., located at the northeast corner of 12th and Grand Aves., cheerfully gives the following testimony: "It is a proven fact that *Peruna* will cure catarrh and la grippe, and as a tonic it has no equal. Druggists have tried to make me take something else 'just as good,' but *Peruna* is good enough for me."

Peruna in Tablet Form.

For two years Dr. Hestman and his assistants have incessantly labored to create *Peruna* in tablet form, and their strenuous labors have just been crowned with success. People who object to liquid medicines can now secure *Peruna* tablets, which represent the solid medicinal ingredients of *Peruna*.

Writers in various journals are now indulging in the ancient and useless work of writing obituary notices of the Democratic party. It has long been a favorite theme, after defeat, with the timid and faint-hearted though loyal ones, as well as with those whose wish is father to the thought, of the demise of the constitutional party of the country.

The Democratic party never was so strong before the people as it is today. Leaders may be misguided lack power of organization, or fail to grasp current conditions. Candidates may be weak before the entire electorate while strong in action for themselves. Four successive defeats have not impaired the faith of the Democratic voters in the creed of their party nor instilled a doubt in the ultimate and final success of their principles and of their party organization. Cleveland's victory in 1892 was more destructive than all the defeats. If Mr. Bryan's numerous candidacies have classed him but as a "peacemaker" for the Republican party the Democrats have seen with pleasure the G. O. P. striking into a Democratic stride occasionally in obedience to popular opinion.

If Mr. Bryan has fully demonstrated his unavailability as a candidate, that does not destroy or ruin the Democratic party. While eliminating the Neoraskan as it does from future candidacies, neither he nor his followers can complain of any slighting of his merits by the Democracy of the republic. The party is stronger by far than Mr. Bryan. The party existed before the birth of Mr. Bryan and will continue to oppose, contend and struggle against governmental wrongs and abuses as long as the republic lives.

It was not organized for protection of privileges but protection of

rights of the masses. It does not live for the advancement of a man, or a special class of men, but for the interests of the majority of the citizens of the United States. D feat does not dismay its members, but upon the contrary renders them more determined to fight on.

It is dependent upon no commissary train for its support and fights best and accomplishes most when its opposition has fattened upon the flesh pots and is gorged with the substance of the people. Writers can file their obituary notices by the thousands, opposition orators can preach funeral sermons by the hundreds, third party chiefs can prophesy of dissolution. It is all labor lost; all hopes that are vain.

The cry of the gallant officer a Waterloo, "The old guard dies, but never surrenders," was a glorious response, but the Democratic party has a nobler one. It neither dies nor surrenders. It is immortal.—Enquirer.

HON. CHAMP CLARK of the Ways and Means Committee where the tariff hearing is now going on in Washington says the only object of the hearing is to let everybody have his say. That's just what we thought. A Western Judge growing tired of the arguments of opposing counsel finally said to them, "Gentlemen this is a fine day I am not feeling very well and I think I'll go fishing. When you are through with your argument you will find my written decision here in the left hand drawer of my desk."

THE value of the United States corn crop this year will be \$400,000,000. The yield has been exceeded only three times and the high price which prevail now owing to the foreign demand make it the most valuable crop in our history. "The uplift of the farmer" which the President has inaugurated seems to be taking care of itself.

A prudent Pennsylvanian has just sworn off smoking at the age of ninety seven years. That is about the age at which the average smoker believes he is going to swear off.

Mr. Bryan says he will celebrate Thanksgiving quietly. He should not forget though to be thankful for not having that reform of the tariff on his hands.

ACCORDING to the proverb, troubles never come singly. Now that the election is over there is still the Christmas shopping to be done.

MEN who complain about the cost of their wives hats this year must at least admit there is something to show for the money.

THE President says Mr. Taft's religion is a matter between himself and God. He probably really meant that it was matter "between Mr. Taft, me and God."

The love entertained by the late George D. Wolf, of Sommerdale, Pa., toward Charles W. Wenzel, a native of Huntington, Pa., to enable him to buy a good stout rope with which to hang him self."

The cross examination of John D. Rockefeller was finished Tuesday and the oil magnate was allowed to leave the stand. On leaving the Federal building a process-server attempted to thrust a paper into his hand, but was foiled by a clerk accompanying Mr. Rockefeller. John D. Archbold was next called to the stand.

Attorney Robert Boyd, Jr., of London, candidate for the Republican nomination for the Commonwealth's Attorney in the twenty-seventh Judicial district, has issued a statement with drawing from the race, giving as a reason that he had announced too late to canvass the district.

The drought is still proving a serious hindrance to the farmers in the Burley-growing districts of Kentucky. Those interested in the tobacco pools recently sold to the American Tobacco Company stand little chance to obtain any money until it rains. The tobacco stored in the barns and warehouses in the Burley district cannot be prepared for shipment until the atmosphere becomes sufficiently moist for it to be prized and sent to the market. A season of rain would permit the Burley tobacco growers to obtain immediate financial relief.

A Bride with Some Good Points. Some years ago in some agricultural district in England there lived a farmer who wanted to sell one of his cows. There was not at that time a weekly paper in which he could advertise so he resolved to follow a local custom and ask the vicar of the parish when giving out his notices at church to advertise the cow.

"Yes farmer," said the vicar, "I should be willing to oblige you, but you don't attend my church."

Presently, however, they struck a bargain that the vicar should advertise the cow, and the man return promised to go to church. Now, unfortunately the man was deaf, and on the following Sunday when the vicar gave out the bonds of marriage between Joseph So-and-so and Sarah Se-and-so, spinster, the farmer took it for granted that the vicar was giving out particulars of his cow and shouted out:

"You might as well say she is a gentle creature and entirely free from vice."—Stray Stories.

SET MINE ON FIRE

And Eight Convicts Are Suffocated in Effort To Escape.

Birmingham, Ala., Nov. 18.—Fifty state convicts employed in the mines at Pratt City formed a conspiracy to set No. 2 mine afire and escape during the confusion.

As a result of the fire eight of them are burned to death, one is missing and the other forty-one are safely locked in the stockade.

The coup was cunningly planned and daringly executed. A lot of timber lying in the manway was ignited and the convicts hoped, when attention had been attracted to the flames, they could make their way through the mine and escape by the main entry.

They had hoped to be able to make their way along the mine ahead of the smoke and fumes from the fire. In this they miscalculated, for eight men were suffocated. The others appeared to be meeting with success when the mine officials suspected something.

One employee saw the flames burst out, and they came so suddenly and in such volume that he was sure oil or some highly combustible material had been used in starting them. Guards were at once placed and the forty men were caught as they came from the main entry.

The rescue work was then begun, for in addition to the convicts it was known that there were a number of free laborers in the mines.

All appear to have gotten out safely except the convicts near the source of the flames, who were early suffocated.

Emile Stricker Instantly Killed. Birmingham, Ala., Nov. 18.—In a recent car, making a speed of more than 60 miles an hour in an effort to win the 24-hour automobile record Emile Stricker was almost instantly killed on the fair grounds track here when Barrows, of Birmingham, who was in the car with Stricker, was severely thrown and fatally injured.

ROUND ABOUT THE STATE

What Is Going on in Different Sections of Kentucky.

PADDING OF STATE WARRANTS

Charged Against Ex-Assistant State Auditor Chas. E. Booe.

Frankfort, Ky.—A petition in the Franklin circuit court by State Auditor Frank P. James against the former assistant auditor, now claim clerk, Charles E. Booe, seeking to recover \$829.37, alleges that the amount was misappropriated, and brought to light, so this republican official says, a systematic padding of warrants for years. The opportunities were not limited, and the amounts which could have been secured from the state in this way can run high.

Auditor James and State Inspector and Examiner M. H. Thatcher have been examining state warrants for days, and base their estimate of Judge Booe's alleged peculations on the average of a number of claims in the peculations were discovered.

Warrants were sworn out for the arrest of Judge Booe. He was arrested at his home on charges of forgery, falsifying reports and misappropriation. He was released on bond.

PARTIAL WITHDRAWAL

Of Troops in Tobacco District Decided on By the Authorities.

Frankfort, Ky.—As a result of the tobacco deal and the subsidence of lawlessness in the "Dark Patch," it was decided, after a conference between Gov. Willson and Adj. Gen. Johnston, partially to withdraw the troops now on duty in the tobacco districts.

Gen. Johnston intends to make a personal inspection of the situation in the western part of the state, and if his report to Gov. Willson justifies it, all of the troops will be withdrawn. Gen. Johnston, however, does not know when this inspection will be made, for he will leave for New York to attend the National Trotting Horse meeting. The militia has been a serious drain on the state treasury during the past 10 months, as nearly \$120,000 has been spent in that way.

To Enforce State Guard Discipline.

Frankfort, Ky.—As a result of the recent court-martial held in this city regular army tactics have been brought into use as a mode of punishment for disobedience of orders. Capt. L. C. Norman, of Company L, took the lead to punish Ray Hawkins, and used corporal punishment. He issued warrants for 15 troopers for nonappearance at inspection drill. The penalty is 30 days in jail.

Body Found By Fisherman.

Louisville, Ky.—Lodged in a bunch of rubbish in the Ohio river at the foot of 36th street, the body of a young man, which proved to be that of Erent Woodall, secretary of the University of Cincinnati, who disappeared from his home in Covington November 1, was found by a fisherman.

\$5,000 Fire at Mt. Vernon.

Mt. Vernon, Ky.—Fire originating in the restaurant of Hysinger & Co. destroyed the brick buildings occupied by Robert Cox, general store; C. C. Cox, furniture; S. B. Ramsey, meat market, and Dr. D. B. Southard, of ice and fixtures. Loss, \$6,000; insurance, \$1,100.

Hunters Cause Costly Fire.

Covington, Ky.—Fire destroyed trees and fences on the farms of Bert Ward and Joseph Gossett, valued at \$300. It was caused by hunters who started a fire in an effort to smoke out rabbits. One hundred fine fruit trees and many valuable fences were burned.

Kentucky Press Meeting.

Louisville, Ky.—The committee on arrangements for the midwinter meeting of the Kentucky Press association, at the call of the chairman, R. W. Brown, met and set December 29 as the date for the midwinter meeting, which is to be held at the Seelbach hotel.

National License League.

Louisville, Ky.—The National License League was incorporated here, listing no capital stock or maximum indebtedness. Those signing the articles were T. M. Gilmore, George G. Brown, Shelby Bonnie, G. R. Wathen and Graeme McGowan.

Wealthy Farmer Dead.

Covington, Ky.—Mr. Thomas A. Bird, a farmer, who resided at the intersection of Madison and Morning new pikes, died at his home at the age of 72 years. Mr. Bird was wealthy and had lived in Kenton county nearly all his life.

Justice Harlan Guest of Gov. Willson.

Frankfort, Ky.—Justice John M. Harlan, of the supreme court of the United States, and Mrs. Harlan reached Frankfort for a visit of a week with Gov. and Mrs. Augustus E. Willson.

Judge Is Now a Missionary.

Lexington, Ky.—L. F. Mann, former judge of Nicholas county, likewise representative from that county in the Kentucky legislature, has taken up missionary work in the mountains of this state.

The reports received at Little Rock from Western Arkansas indicate that although first reports of the number killed in Monday's tornadoes were exaggerated the property loss will be heavier than was expected. The names of only four known dead and fifteen injured are given. Seventeen other deaths are reported, but the names are not given.

BY HIS UNCLE

Garrison Was Killed, After He Had Been Shot and Wounded.

Danville, Ky.—Hugh Thompson, 35 years of age, shot and instantly killed his 18-year-old nephew, Frederick Garrison, at Chilton, near here. Young Garrison had gone to the residence of his uncle for a show case, when Thompson began beating his nephew, striking him on the head with a plow point, then kicking him from the house. Young Garrison turned quickly and fired at his uncle, sending a ball through his left leg. Thompson secured a gun and fired a charge into his nephew's breast, death resulting instantly. An artery was severed in Thompson's leg, and his recovery is in doubt.

Some month ago Thompson became suddenly insane and was sent to the Lexington asylum. He soon recovered and was released. He is under guard, but is unable to be taken to jail.

DISTILLERY BURNS.

Bardstown, Oldest City in State, Is Saved By Bucket Brigade.

Louisville, Ky.—The warehouses of the Tom Moore Distilling Co., at Bardstown, in which were stored 150,000 barrels of whisky, were burned, entailing a loss to the firm of about \$400,000, fully insured.

The loss to the government is \$750,000.

Bardstown, the oldest town in the state and the place where Louis Philippe of France spent many days on his trip to America, boasts of but one fire engine, but, aided by the townspeople, who formed bucket brigades, it managed to save a third warehouse and the distillery itself.

A creek which runs by the plant was flooded by the burning liquor, lighting up the country for miles around.

Appeals Court Decision.

Frankfort, Ky.—To meet an enemy on a public highway and challenge him for a fight does not constitute an offense sufficient for indictment under the Kentucky laws prohibiting dueling. Such was the opinion of the court of appeals when the case of William H. Ward against County Attorney Robinson, of Garrard county, was argued, for the court handed down its opinion from the bench at the conclusion of the argument made by Assistant Attorney General T. B. McGregor, for the commonwealth holding that the indictment against Ward should not have been found.

Negro's Skin Turned White.

Frankfort, Ky.—Ben Sayres, a negro shoemaker, was recently poisoned with ivy, and strong medicine had to be applied to his skin to stop the poison from spreading. Several days ago white spots began to appear on Sayres' body, and these spots grew until they covered his body entirely, except his shoulders. He feels no ill effects from his peculiar transformation.

One County To Be Heard From.

Frankfort, Ky.—But one county, Johnson, has not yet sent in its official returns to Secretary of State Bruner. The majority for Bryan to date is 10,234. The republican majority in Johnson county is about 1,200, so that it is believed now that the democrats will carry the state by 8,000.

Employees' Work Saves Distillery.

Louisville, Ky.—Decisive action by the employees of the Mellwood Distillery Co. saved one of the biggest distilleries in the world from destruction by fire. As it was fire destroyed the cattle pens, entailing a loss of \$20,000.

New Hotel To Supplant Phoenix.

Lexington, Ky.—Plans for a new eight-story hotel on the site at Main and Limestone streets, now occupied by the historic old Phoenix, are in preparation and will be submitted to the directors of the Phoenix Hotel Co. soon.

Reunion of Old Guards Club.

Frankfort, Ky.—A reunion of the Old Guards club, organized by the officials of the recent democratic administration after the election last year, will be held in this city November 29. A banquet will be given at the Capitol hotel.

Warrants Paid.

Frankfort, Ky.—State Treasurer Farley paid the warrants for the city schoolteachers, amounting to \$82,000. The warrants for the county teachers, amounting to \$375,000, will not be paid until the first week in December.

Forest Fires Raging.

Paducah, Ky.—Forest fires are raging again all over Western Kentucky, in places where corn fields and meadows are blazing. At Alma, the town park, including the dancing pavilion and other buildings, were burned.

Former Councilmen Held.

Lexington, Ky.—At his examination J. Ira Bright, former councilman was held to answer to the grand jury on a charge of maliciously cutting and wounding Patrolman Adolph Meyer Bright gave bond of \$200.

LOCAL

Good clothes cheap at Fish's. Fancy suits at plain prices at Fish's.

Work on Peoples Bank building is nearing completion rapidly. Mr. Casey, the contractor, is a hustler, and pushes his work with all rapidity possible.

If you want NEW CLOTHES that make you look young again just step in at Fish's Big Clothing store. He sells the BEST at the right price.

NOTICE:—After this week I will be located over J. Fish's store, and any one needing any thing in my line will find me there ready to fill all orders.

W. A. Cox, Undertaker

This office is getting out a five joint telephone directory for the Rockcastle companies. It will be ready about Dec. 1st. If you wish your name in it hustle around and subscribe for a phone before above date.

The brick work on the Peoples Bank building will be completed this week. The front is built of Bedford stone and pressed brick and is indeed a beautiful structure. Mr. R. H. Casey the contractor certainly knows how the work must be done.

Mrs. Jane Hunt, widow of the late John Hunt, died Wednesday afternoon, at the residence of her daughter, Mrs. Todd in Madison county. She was a daughter of Mitchell Maret and a sister of Alva Maret of Wildie, who is the only remaining member of a large family.

Mr. W. B. Dillingham, of the Dillingham Canning Co., of Maretburg, was in Wednesday stocking our merchants with tomatoes. Those who have tried his tomatoes pronounce them first class. Mr. Dillingham talks of bringing his factory to Mt. Vernon before another season, which we certainly hope he will decide to do.

We are pretty reliably informed that a new time card will go into effect about the 20th, of next month making a considerable change in the running of the trains. No 23 the south bound passenger will be due at Mt. Vernon about 11 o'clock and No 22 the north bound passenger about 3 o'clock. What changes will be made as to the night trains we have not learned. A train will be put on between Richmond and Louisville to do local work, and the trains passing through here will be fast trains after leaving Stanford making only two or three stops between that point and Louisville. It is also said that another train will be put on between Cincinnati and Knoxville to do local work and the present local trains running between those points to be fast trains. Whether all or any part of this talk of change will take place we cannot say, but if the meeting point is changed whatever the change may be, the people of Mt. Vernon will feel a great relief as compared with the present arrangement.

No better clothes made than the ones you get at Fish's. If you want a good all wool suit see Fish.

The Hansford Telephone Co. will soon give connection to Cedarville, Bloss and Ward post offices. Many new phones have been added in the Ottawa and Quail section.

FIRE: One of the worst fires that ever visited our little city occurred about 5 o'clock last Saturday morning in old brick hotel. This building was built by Mr. J. L. Joplin who occupied it for several years and run it as a hotel, but a few years since was converted into a business and office building. The fire is supposed to have originated in the basement which was occupied by Hysinger & Livesay, restaurant and grocery store, who lost about \$500, without any insurance. S. B. Ramsey, butcher, who also occupied a portion of the basement, lost about \$100 no insurance. The first floor was occupied by Robert Cox, general merchandise, and C. C. Cox, furniture, the former losing between \$3,500 and \$4,000 with \$2,000 insurance while the latter lost about \$1,400 with only \$600 insurance. Dr. D. B. Southard who office on the second floor lost all his surgical instrument, books, office furniture etc., which he estimates between \$500 and \$600 and not a cent insurance. There was \$1500 on the building. The heaviest loser is Robert Cox, whose loss is about \$2000. Preparation is being made to rebuild at once, which is to be a two-story brick, 50 feet front by 70 feet deep. Mr. R. H. Casey, the contractor, who has the Peoples Bank under construction is now at work on the plans.

The "Old Maid's Conference" will not be given until Friday Dec. 4th. Bear in mind the date for it will be worth seeing.

Mit Cook, a son of the late J. M. Cook died at his home in Jellico yesterday. The remains were brought here on the early train and will be laid to rest this afternoon in the family burying ground at Cove.

The remains of Walker Snodgrass who left this county several years ago and located at Jeffersonville Ind., were brought here last Friday for burial. He died of stomach trouble. He leaves a wife and several children.

In calling attention to the announcement of George R. Robin, son, our type made us say that he is candidate for County Court clerk which mistake we hasten to correct as it is Circuit Court clerk, and not County Court clerk, for which he is a candidate.

The only Democratic Committeeman to appear on the scene Monday for a reorganization of the county committee was our good friend J. G. Frith of Broadhead. From the information we have been able to gather. Broadhead is the only precinct in the county which held an election and consequently the only precinct to have a committeeman. With no more interest taken, it is no wonder to us the Democrats fall off a few each year and the Republicans keep running their majorities larger.

At one time during the fire last Saturday morning it looked as if the large brick business house of J. T. Adams and the concrete store building of G. T. Johnson were doomed. So certain was Mr. Johnson, that he had all his goods removed in front of the court house but fortunately both buildings escaped with but very little damage. In moving Mr. Johnson's goods considerable damage was done them and unfortunate for him the loss is all his, as he had no insurance.

Remember the date when the "Old Maid's Conference" is to take place.

Mt. Vernon, Ky., 10 25-08 I trust that the people of Rockcastle will avail themselves of the opportunity to hear Dr. W. J. Kinnaman, of Bowling Green, as one of the speakers of "The Whirlwind Campaign on Education," to be held at Broadhead 10 a. m. Nov. 30; Mt. Vernon 2 p. m. Nov. 30; Livingston 7 p. m. Nov. 30.

Dr. Kinnaman will discuss the recent acts of the Legislature, pertaining to common school law. He wishes each teacher, trustee, patron and all those who are interested in education to be present. I earnestly ask everyone to help advertise the above dates and also be present at one of the places.

Respectfully,
G. M. BALLARD,
County Superintendent.

The culmination of a happy romance covering a period of three years was reached yesterday afternoon when Mr. Allen Holmes, a prominent merchant of Crab Orchard, and also leader of the National Fox Hunter's Association, and Miss Lillie Thompson, of the same place, went before Justice Ben D. Bell and were married at 4 o'clock. The happy couple came to Lexington Sunday and are guests at the Reed Hotel.

The bride is the daughter of Mr. R. E. Thompson, a farmer at Crab Orchard. She formerly attended school at State University and is a leader in society circles of her home town. The bridegroom is engaged in the merchandise business at Crab Orchard and formerly attended school at Central University, graduating with the class of 1904. The young couple are accompanied by Mr. and Mrs. Wallace Gover, Mrs. Gover being a cousin of the bridegroom. Mr. and Mrs. Holmes will remain guests at the Reed Hotel until Thursday, when they will return to Crab Orchard, where they will make their future home.—Lexington Herald.—Mrs. Holmes has a host of friends here. She is a granddaughter of Mrs. Wm. Poynter of this place. Her many friends here wish them a long and happy married life.

HOW IS YOUR DIGESTION.

Mrs. Mary Dowling of No. 228 8th Ave., San Francisco, recommends a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in the case of acute indigestion, prompts this testimonial. I am fully convinced that for stomach and liver troubles Electric Bitters is the best remedy on the market to-day." This great tonic and alterative medicine invigorates the system, purifies the blood and is especially helpful in all forms of female weakness. 50c. at Chas. C. Davis' drug store.

REPUBLICAN DANGER.

Of great significance is it that in spite of the tremendous pulling power of the notional ticken in a Presidential year, men like Overstreet and Landis in this state and Hepburn and McCreary in other states have been defeated for Congress. A protest is thus represented which may reach even greater volume and insistence two years hence. What the Republican party does for the next two years will largely determine the complexion of the Sixty-second Congress, in both House and Senate, and the politics of many Northern States in addition to those that have already elected Democratic Governors.

Notwithstanding the contention of Mr. Bryan that the present and the impending Republican administrations have been in league with the trusts, there is no considerable body of sincere public sentiment dissatisfied with the extent or purpose of the work done in bringing great corporations to book for disobedience to the law. The people approve what has been accomplished or earnestly, if imperfectly attempted. There is no demand for a general crusade against business under the anti-trust laws. What has been done and what is under way along these lines will satisfy.

But there is an unfulfilled pledge on two subjects that must be redeemed. One of these is currency reform and the other is tariff reform. Bills will undoubtedly be offered and measures enacted in these fields; and the effect upon the people will depend upon the wisdom and fidelity with which the reforms are brought to pass. There is no danger of inaction; the danger is of hypocrisy and sham. Already a project is being hatched to forestall genuine tariff reform by the Sixty-first Congress next spring through the device of a bogus tariff reform now. It is an enterprise fraught with danger to the Republican party.

An impression that the Republican national organization is altogether too solicitous for the protection of great corporations has been removed so far as the railroads and Standard Oil are concerned; but it has not been removed so far as the tariff is concerned. The conviction is well-nigh universal that the Senate oligarchy, under the rule of Aldrich, and the oligarchy, under the rule of Cannon have been more anxious to serve the powerful private interests than to serve the masses of the people. If this impression cannot be removed then we must expect to elect a Democratic Congress in 1910, and a Democratic President in 1912.—Indianapolis Star.

The Winchester Democrat says: "The sale of tobacco at the Lexington Loose Leaf House began Thursday week. Something over 100,000 pounds were sold at an average price of 17 cents or over. The first check was given to J. W. Wilson, of Richmond, who sold 2,630 pounds at \$17.16; he has 16,000 pounds of the same grade. He recently bought a farm in Clark county to which he will move soon and says he will raise thirty five acres next year."

A citizen of Concord township in listing his taxes last week, returned three pigs at \$2 each and five dogs at \$20 each—\$6 worth of hogs and \$100 worth of dogs. While the difference in the number and value of the pigs may be contrasted with the number and value of the dogs unfavorably to the citizen aforesaid, he should possibly be given credit for listing his dogs for taxation—something that is rarely done. It should be said, however, that the purpose in listing them was not so much a desire to pay taxes on the canines as to secure for them the protection of the law. The courts have held that a dog is not property unless it is listed for taxation. If it is listed the owner can prosecute any one who may do it hurt.—Norfolk Landmark.
